

## AXA FELLOWSHIPS - CALL FOR PROJECTS RESULTS

# The AXA Research Fund is pleased to announce the results of the call for projects: “Towards Inclusive and Environmentally Sustainable Growth”

We would like to thank all the applicants for participating in this call and for the excellent quality of the submitted projects.

Following careful consideration of each application with our Scientific Board, we are delighted to announce our new selected grantees.

Selected candidates are ranked in alphabetic order:

| Researcher         | Host Institution   | Project title   |
|--------------------|--|---|
| DR. APPENDINO      | Université Gustave Eiffel, France  | Moving Towards the Circular Economy in Cities   |
| DR. DISSAUX        | Université Libre de Bruxelles, Belgium                                   | Digitalisation of Money and Inclusive Society   |
| DR. KUNDU          | Centre for Human Sciences, India   | Doomed since Birth? The role of predestined social backgrounds in measuring well-being in India |
| DR. LAMONACA       | University of Foggia, Italy  | Climate Change and Inequalities in the Economic Growth between Regions                          |
| DR. MATTIOLI MELLO | Institute for Economic Analysis and Barcelona School of Economics, Spain | Public Policies for Tackling Inequality   |
| DR. O'DONNELL      | Dublin City University, Ireland  | Towards More Secure and Sustainable Livelihoods in the Urban Informal Economy                   |
| DR. VILLELA GARCIA | University of Bristol, United Kingdom                                    | Regenerating Places and Economies through Inclusive and Sustainable Growth                      |
| DR. WHITING        | Université catholique de Louvain, Belgium                                | Service Perspective, Natural Resources and the Good Life  |

If your application does not appear on the list, we regret to inform you that your project has not been selected. We wish you all the best for your future academic endeavors.
